Community Policy

As part of the community, we will work within it to continually improve our relationships, based on a foundation of mutual understanding and respect.

To achieve this we:

- Comply with, as a minimum standard, all applicable legal requirements
- Communicate in an open, transparent and timely manner
- Engage and consider differing opinion and concerns
- Recognise the links between economic, social and cultural issues
- Respect diversity and protect cultural heritage
- Conduct ourselves consistently with our stated values

As our activities progress, we will continue to operate in consultation with host communities, government authorities and other organisations. We will :

- Encourage and support community development
- Encourage and support initiatives to enhance social benefits such as environment, health and education
- Enhance the local community by identifying opportunities for employment, training and business relationships directly and through our contractors and suppliers
- Work with local communities to improve local economic development and quality of life

We monitor, continuously improve and publicly report our activities and our performance.

The Company encourages open communication and dialogue regarding this Policy and any matters which may arise in connection with it.
